

NATIONAL CONFERENCE

Advances in Molecular Breeding and Tools for Multiple Pest & Disease Resistance Breeding in Cotton, Rice, Maize & Pulses

Date: February 1–3, 2026

Venue: University of Agricultural Sciences, Dharwad
Time: 10:00 AM – 6:00 PM

★ Organised by:

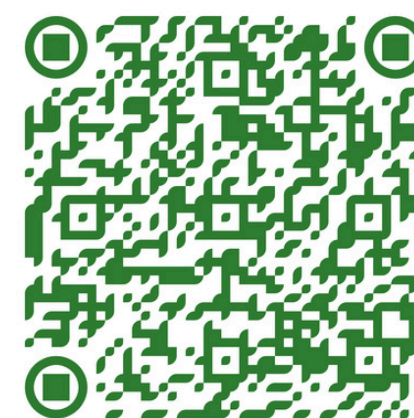

- ✓ Foundation for Advanced Training in Plant Breeding (ATPBR)
- ✓ University of Agricultural Sciences, Dharwad (UASD)
- ✓ International Crops Research Institute for the Semi-Arid Tropics (ICRISAT), Hyderabad
- ✓ International Maize and Wheat Improvement Center (CIMMYT), New Delhi
- ✓ Dr. S.W. Menasinakai Education and Research Foundation, Dharwad
- ✓ Dr. J.V. Goud Education and Research Foundation, Dharwad
- ✓ Academy for Indian Horticulture (AIH)

★ Key Themes :

- Latest advances in molecular breeding technologies
- Multi-trait resistance breeding strategies
- Genomics-assisted breeding tools
- Gene-editing applications in major crops
- Case studies from Cotton, Rice, Maize & Pulses
- Opportunities for industry-academia collaboration

★ Who Should Attend

- ▶ Plant Breeders
- ▶ Molecular Biologists
- ▶ Researchers & Scientists
- ▶ Seed Industry Professionals
- ▶ Faculty & Students of Agricultural Universities
