

One-Day Conference

Soil Health & Crop Nutrition for Seed Production

Date:
09 January 2025

Venue:
Chhatrapati
Sambhajnagar,
Maharashtra

Jointly organized by ATPBR & FAI

About the Conference

The event focuses on improving seed production by strengthening soil health, balanced crop nutrition, and farmer knowledge. Experts will discuss practical solutions to reduce the yield gap and promote sustainable agriculture.

Why Attend?

- Learn from top national and international experts
- New strategies for cotton, soybean, tomato, and chili seed production
- Understand how research can be effectively transferred to farmers
- Network with scientists, seed companies, policymakers, and FPOs

Expected Outcomes

- Better understanding of soil health and nutrient management
- Practical case studies on improving yields
- Stronger collaboration among industry, academia, and farmers
- Clear roadmap for future research and policies

Who Should Attend?

- Researchers
- FPOs NGOs
- Extension workers
- Seed Companies
- Policymakers
- Students.

Registration Details

- Private: ₹4000 + GST
- Public: ₹2000 + GST
- Spot Registration: ₹6000 + GST
- (lunch included; accommodation extra)
